PROPERTY SUMMARY

With frontage on Springhill Church Road as well as electricity and county water available, this property would make a good location to build a house or camp house. It would also make a really great hunting tract. The timber was recently cut, so now would be a good time to clear off a house site or to add more food plots for wildlife. Since the timber was cut, the property has been sprayed and is scheduled to be planted back this winter. The cost of replanting the timber is included in the price of the tract and the seller will have that done this coming winter. For more information call Allan Hixon at 205-799-1422.
