PROPERTY SUMMARY

Located just outside of Denmark along the banks of the South Fork Edisto River, this 168.35 +/- acre tract would make an excellent hunting property for a variety of different game. The property features a good mix of timber with areas of higher ground pines and plenty of bottomland hardwoods that provide the perfect habitat for trophy whitetail deer. This tract also provides the opportunity for fishing and duck hunting along almost one mile of river frontage. The property is best accessed from an entry road on Char-Augusta Rd, with no established interior roads off of Hwy 321.
