### PROPERTY SUMMARY

162+/- acre Unit 16 big buck producer with CRP income in Harper County, KS!

Located in the eastern half of the popular Kansas deer management unit 16 lies this 162+/- acre big buck producer and upland bird haven with CRP income. This property provides deep North/South flowing draws allowing a whitetail hunter to make easy work of placing wind according stands and locations to establish food plots of choice. Unit 16 is well known in the state of Kansas for its dense deer population and trophy-class genetics. Not only does this property give the next owner a great chance of harvesting a trophy whitetail buck but gives opportunity for one to create a truly one-of-a-kind upland bird property. It's not uncommon while touring this property to kick up a covey of quail or a rooster pheasant. Scattered across the 162+/- acres stands 6-10 ft tall cedar trees and good-sized thickets lining the draws while 25.5+/- acres of CRP on the South side of the property making this tract accepting of upland game.
