PROPERTY SUMMARY

These 65 +/- acres offer scenic serenity in a rural setting. The property also offers 22 +/- acres of pasture/tillable ground great for livestock farming with the balance in timber offering great hunting opportunities for white-tailed deer and turkey along with squirrels and rabbits. The natural spring would be a great water supply for your new home or hunting cabin. This property is full of opportunity with a small off-grid cabin already established on the grounds and a tranquil creek winding along the southern border. Don't miss it! The current home on the property is unlivable and of no value. The property is being sold as-is. It's located 35 minutes from Corydon, 45 minutes to New Albany, and 20 minutes to Patoka Lake.
