PROPERTY SUMMARY

This beautiful property is located near the famous black belt region of Alabama, with 80 acres of planted hardwoods planted in 2008 and 40 acres of pine that is nearing time to be thinned. Beaverdam Creek runs the entire length of the property. This property has an excellent potential duck habitat spot and one of the prettiest lookout views I have ever seen. It would make an awesome spot for an off-grid cabin. This property offers excellent deer, turkey, and duck hunting; and has 4 green fields with shooting houses.
