### PROPERTY SUMMARY

Almost three miles of Swift Creek Frontage on this Craven County gem provides everything an outdoorsman dream! Big gobblers roosting in the massive hardwoods, enough land to manage big bucks, bears roaming the forest, and fishing until the sun goes down on the water! This property is located just a few minutes from New Bern but still allows for the quiet, peaceful nature of the outdoors that many have come to desire. The timber on this tract consists of roughly 100 acres of freshly planted pines and the remainder being in mature hardwoods that create the perfect mixture of food source and bedding for all types of wildlife.
