PROPERTY SUMMARY

This remote, yet conveniently located Cumberland River farm has 4,000 feet of magnificent river frontage along its eastern border. An incredible home site is located in the front of the property elevated perfectly for a wonderful view. Flat and rolling pastureland easily convertible to income-producing cropland as well as a solid stand of timber to sell if needed. There are 2 barns located on the property as well as a small equipment shed. A 1/2 acre pond resides in the back of the property easily accessible to any fisherman, livestock, or wildlife. There is a significant amount of white-tailed deer and turkey that call the farm home along with the occasional flock of ducks and geese that travel the river. This piece of God's country would make a great hunting farm.
