PROPERTY SUMMARY

Nestled at the end of a private valley, this vacant 27.75 +/- acre wooded property is convenient to Asheville and is perfect for your luxury estate, homestead, or small subdivision. There are several existing roughed-in roads that provide easy access to the valley, to an existing home site, and to the wooded ridge. Infrastructure like power is also already on site with a transformer installed where there was once a camper or trailer on the property. The gentle valley entrance has small clearings to cultivate gardens and a creek is fed by several springs that originate on the property. Neighbors currently share use of these springs. Forests surround the peaceful cove and much of the boundary follows the ridge. Close to Weaverville and the Blue Ridge Parkway, and a short drive to the heart of Asheville, this property is a perfect option for mountain life enjoyment.
