PROPERTY SUMMARY

Peaceful quiet getaway in the country! The barndominium you will have here is one of the most unique camps / houses I've been able to work with! Upon pulling off the highway, you'll notice it was designed with an old western building in mind. The exterior colors, 4 horse stable, and the interior décor make it feel like you're walking into a saloon on the frontier. Inside of the home you'll have all of the family camp comforts. Central heating and air unit, wood burning fireplace, master suite downstairs, 2 more beds and a bath upstairs, and cozy living/kitchen area. There is a large, covered area off the back of the barn for any 4 wheelers, hunting equipment, tractor, etc. Behind the home is a beautiful fenced off pasture for your animals and kids to play. Past the field there is a gate to the back of the property which has a small food plot area with a 2 man ladder stand and second larger hunting stand in the woods at the very rear of the property. Come and take a look for yourself!<
