PROPERTY SUMMARY

Perfect homestead property nestled among a well-planted pine plantation overlooking a beautiful rock-walled gorge. Pictures do no justice to this unique and special property that I've had the privilege of attempting to capture.

Over 700' of paved road frontage on a quiet county road just outside of Double Springs, Alabama. An interior road leads you from the county road to a well-placed and large one-acre food plot. Topography is favorable, providing multiple home site locations with additional flat ground to establish more wildlife openings if desired.

Outstanding diversity with endless possibilities. Additional and contiguous acreage can be purchased while available!
