PROPERTY SUMMARY

Hilltop home sites with gorgeous views, located just west of Carbon Hill and very convenient to I-22!

The property totals 28.43 surveyed acres with 22.76 lying south of Highway 118 and the remaining 5.67 acres lying north of the Highway. The property can be purchased as a whole or can be divided.

The land carries best of both worlds with a beautiful rock-lined mountainous creek running along the northeast boundary and a two-and-a-half acre hilltop flat plateau with elevations over 700' on the southwestern edge of the property.

Multiple homesites to choose from, rather on the hilltop with sunrise views or at the base of the mountain closer to utilities.
