Property Summary

This might be the easiest residential building site in Buncombe County! 5.1 +/- acres, with an existing well, a gravel driveway that's not too steep, a huge gently sloping building site, and an expired 5-bedroom septic permit. This gated community with large lots is just off of Hwy 9 in Black Mountain and is only 20 minutes to the heart of Black Mountain and just over 30 minutes to Asheville. The property is wooded and feels very private, but has winter views of the mountains. Well is 700+ ft deep, has a pump, and appears to produce approx 8 gallons per minute according to the tag. Come build your new primary or vacation home today! Short-term rentals are not allowed in this community. No showings without an agent present/gated community.
