PROPERTY SUMMARY

If you are looking for a truly turnkey legacy property, this is the one. This property offers many opportunities to enjoy year-round with family and friends including a 26 +/- acre bass lake, two other ponds, open fields for livestock or crop production, and multiple buildings for equipment storage. It even features a fully furnished four-bedroom / three-and-a-half-bath home that any family will love. To top it off, this property is being offered as it currently sits with all equipment and furnishings included. As far as the land goes, there is a mix of timber that spans the property, including planted pines from various age classes to older growth hardwoods in the bottoms by the Wheatley Branch. If that wasn't enough, there are several shooting houses and food plots strategically placed throughout the property in heavily trafficked areas providing great hunting. Do not miss out on an opportunity to own such a great property! For more information or to schedule a showing, give us a call to
