### PROPERTY SUMMARY

This is one you surely won't want to miss. This is truly a rare find. So many people come to hunt our National Forests from long distances and don't have a place to spend one night or days at a time. This little jewel solves that problem. This property has a camper and 8 acres that join the Holly Springs National Forest. How many times do you find a property like this? You have most of the conveniences of home in this neat camper. Holly Springs National Forest is known for good deer hunting but has an exceptional reputation for some of the best turkey hunting. It is located in north-central MS and provides beautiful sparkling lakes to the public, along with 155,000 acres of pine and hardwood forests, and offers many other services. This is a great opportunity for the avid hunter or to have a place to take the family and enjoy the great outdoors with many amenities within easy reach.
