PROPERTY SUMMARY

Here is a rare opportunity to purchase a clean home and make payments cheaper than you can rent. This 2 bedroom, 1 bathroom home has a nice layout that flows well. The bathroom has been remodeled and the kitchen has plenty of storage space with a large pantry. The mud/laundry room is conveniently located at the back door and has several cabinets for additional storage. Central heat and air complete this cozy interior. An oversized one stall garage has adequate space for your vehicle or extra storage needs. A large yard and alley access creates endless possibilities for additional parking or children's playset. The house to the south is also for sale and creates an opportunity for you to buy both for rentals, or buy both and rent one - live in one, or simply purchase this home for your primary residence.
