PROPERTY SUMMARY

This is a rare opportunity to own a beautiful property with a rich history, having been in the same family for four generations. The land features former hay fields that can be restored for farming or converted to pastureland for livestock. It includes a pole barn, a detached garage or outbuilding, and a well-maintained pond.

The property has a well for drinking water and an old septic system, with Moore County agreeing to issue a repair permit for the septic.

There is also an old farmhouse on-site. While no value is placed on the home, it is in good enough condition to be remodeled into something special.

This property offers incredible potential and won't be on the market for long. Don't miss out!
