PROPERTY SUMMARY

This piece boasts over 1,000 contiguous acres with every inch designed to maximize wildlife habitat, hunting success, and landowner enjoyment. The rolling hills layout consists of a well-balanced mix of hardwood timber and brushy bedding areas, plus 77 +/- acres of food plot varieties scattered throughout. A beautiful, clear creek cuts through multiple parts of property, providing travel corridors and aesthetic appeal. Nine enclosed blinds are strategically placed over food plots or in high traffic spots in the timber. All of this is easily accessed with miles and miles of interior and perimeter roads which were no small feat to clear and build. Beyond the hunt you'll also have a comfy place to hang out with friends and family, as the cabin sits back off the road in a beautiful setting where you can expect to see deer, turkeys and other wildlife while you're enjoying a morning coffee.
