The elevated **2-bedroom, 1-bath home** provides practical living space with covered parking and storage below, overlooking open pasture and mature landscaping. The land is the primary value driver, featuring a **barn, horse stall, multiple outbuildings, ponds, and fenced pasture** ready for animals and immediate use without major upfront investment.

Acreage properties with animal zoning and existing infrastructure are increasingly difficult to find, making this a strong opportunity for buyers focused on land, function, and long-term value.
